EDUCATION

Savannah College of Art and Design — Savannah, GA
MFA, Interactive Design — Sep 2025 - Nov 2027 (expected)

Hubei University of Technology
BA, Product Design — Sep 2021 - Jun 2025

PROFESSIONAL EXPERIENCE

SCADpro × Deloitte Digital - Sponsored Course — Savannah, GA
User Experience Researcher — Jun - Aug 2026

- Developed interview questions, moderator scripts, recorder forms, and fieldwork plans for a team study of government services involving 33 interview participants and 236 survey responses.
- Added positive-experience questions and optional probes; participated in field interviews, cleaned records, and contributed to affinity analysis and research findings.
- Helped translate findings into proposed AI assistance requirements: service continuity, clear status feedback, and accountable handoff to human support.

SELECTED PROJECTS

HOVR - Gesture-Controlled Kitchen Tablet — Q2 2026
UX/UI Designer & Interaction Prototyper | Individual | Figma, Unity, MediaPipe, Xcode

- Designed Kitchen and Entertainment modes, mapping hand gestures to selection, scrolling, and simulated interruption handling.
- Built real-time hand tracking in Unity with MediaPipe; deployed to iPad through Xcode and tested interactions on-device.

Smart Research - Academic Search Experience — Winter 2026
UX/UI & Interaction Designer | Individual | Figma

- Designed Search, Library, and Map workflows with contextual paper review, personal tags, and reusable components for loading, confirmation, and fallback states.
- Evaluated the Figma prototype with two users; identified opportunities to clarify related-content entry points and the research map. AI retrieval remained a simulated interaction.

Robinhood Junior - Investing Education Concept — Winter 2026
Team Member | Academic UX Design Project

- Collaborated on an investing education concept combining virtual-money scenarios, short lessons, and contextual definitions; the team evaluated the prototype with four users.

Epic Door & Fixed Scream - Real-Time Interactive Experiences — Fall 2025
Creator | Unreal Engine

- Built a third-person portal environment and a fixed-screen arcade platformer, exploring spatial interaction, level layout, and gameplay feedback; documented both through running-project demos.

EXTRACURRICULAR & LEADERSHIP

SCAD Hack IX - Hackathon Participant — Oct 1, 2026

- Conducted early research and designed the end-to-end gamification flow for a team concept supporting neurodivergent college freshmen through progressive campus scenarios and feedback.

Hubei University of Technology - Product Design Program

- Spoke at the Outstanding Graduate Sharing Session, sharing personal experience with fellow students.

SKILLS

Design & Research: UX research, interview design, affinity analysis, interaction design, usability testing, design systems, gamification

Tools: Figma, Unity, Unreal Engine, MediaPipe, Xcode, Rhino 3D

Development: JavaScript, creative coding, AI-assisted development
